

TECH TIPS

Dixie Part Numbers: S-1525 TBA

Applications: 2011 Buick passenger cars and trucks
2011 Cadillac passenger cars and trucks, Excluding STS
2011 Chevrolet passenger cars and trucks, Excluding Volt
2011 GMC passenger cars and trucks
Equipped with OnStar®

Condition: The operator of the vehicle may complain of a low or dead battery and/or a failure to crank or start. The technician may observe a parasitic drain of more than 380mA for longer than 10 minutes.

Cause: The factory installed OnStar® option remains active for up to 10 minutes after the ignition is removed to allow updates to be loaded.

Correction: Follow the manufacturers recommended diagnostic and repair replacement procedures when applicable.
