

Alternators & Starters

for Transport Refrigeration & Auxiliary Power Units

Many of our applications utilize our new, **Lighter Weight, Bi-Directional, Asymmetric Fan**, designed to provide **high efficient cooling**, reduce shelf space and eliminate potential installation error due to incorrect rotation.

► **QUALITY:**

Dixie products are **endurance tested** to exceed 5,000 hours of operation for alternators and 28,000 cycles for starters. Combined with 100% end-of-line testing, Dixie products are **guaranteed installation-ready** and will provide extended service life and reduced downtime.

► **RELIABILITY:**

In House design, development and validation to ensure OE Fit, Form, and Function ensuring reliability and ease of installation.

► **COMPONENTS:**

Components for OE, aftermarket and our exclusive designed replacement units are always available in stock.

► **WARRANTY:**

18 Months
